

# Londonderry Social Housing Redevelopment Project

*Be part of the new approach to  
social housing redevelopment.*

## Public Engagement Phase 4: Recommended Concept

Join us at the next public meeting on Monday, September 26, 2016.

To help meet current and future housing needs, the Londonderry social housing site located at 14510 – 72 Street is being redeveloped. Within the new development, indistinguishable from each other, will be a mix of market and affordable housing.

At this meeting you will receive updates, and have the opportunity to review and provide input on the recommended concept option for the future development. The recommended option being presented at this meeting takes into consideration various criteria and requirements, as well as the feedback received by the public during Phases 1, 2 and 3 of the community engagement process.

**Monday, September 26, 2016**

5:00 pm - 8:00 pm

Presentation at 6:30 pm

**Kilkenny Community Hall**

14910 - 72 Street NW
