## **District Offices are there to serve you better!**

Civida strives to create better customer access to our maintenance and customer service staff. Our 2022 Tenant Satisfaction Survey gave us good information about what tenants prefer when it comes to issues like maintenance, repair requests and communicating with Civida staff.

We heard what you said and we are changing how we deliver services to you. Starting in 2023, Civida rolled out a service delivery model centred on improving our customers' experience, operating more efficiently and providing quality services to you.

The Site Manager and Field Supervisor you are used to seeing will be replaced by **Property Management Teams** working out of **8 district offices** throughout Edmonton. Each team will be led by a Property Manager.

In this information package, we have included for you:

- A map showing the address and location of **District B Office**, the district office assigned to your property.
- Contact information for **District B Office** including an email address, telephone number and the name of your Property Manager.
- Your **District B team**, which includes a Property Manager, a Maintenance Technician, a Leasing Clerk, a Maintenance Clerk, a Housing Clerk and a Site Assistant.
- Our customer service commitment to you remains strong. This new model of delivering services will ensure we respond to your inquiries quickly and efficiently.
